

Lesson 11: A Leader for the Ages

Joan Cronan

You know, when I think about loyalty and Pat Summitt, unfortunately, as you know, we lost Pat to Alzheimer's.

And at her celebration of life, 96% of the athletes that she had coached over four decades were there at the celebration of life.

And I can remember pulling them together in a team huddle and telling them never in their lifetime or my lifetime would they ever meet anybody who had won more awards, won more honors than Pat Summitt.

But also, never would they meet anybody that was more humble and also more loyal to the people that worked with her than Coach Pat Summitt.
